# What is Community Partners Requesting?

- We are seeking annual tax-deductible corporate sponsorships in the amount of \$2,500 to \$10,000 or more for **The Brian Collins Individual and Family Support Fund**.
- Through a sponsorship you can help children attend an activity, assist someone with transportation, emergency heating fuel or to access a local gym.
- Individuals will be able to access this fund when other resources are exhausted.
- We are passionate that everyone can be empowered to live, work and be part of our community every day.
- Our funding streams have strict mandates on how we annually aid the 4,500+ who receive direct services and the 17,000+ contacts with ServiceLink.
- Your sponsorship will provide us with the resources to help people thrive.

## Corporate Partnerships are a Win-Win for both the Business and the Non-Profit

- This is a partnership between your company and Community Partners.
- We use varying media outlets to highlight our partnership throughout the year such as print, social media, internal and external employee and client communication.
- This partnership is for twelve months, with no additional financial requests from Community Partners during the year.
- As we approach the end of year for your sponsorship, together we will review the year and evidence of your benefits, so that we can plan for any on-going support.
